

Harvard Photonics Club presents

Brighter Days Series:

Photonic Fences: Shooting down Malaria-carrying Mosquitoes with Frickin' Lasers

with Sören Brandt

day: Friday 3rd November

time: 12 - 1 PM

location: LISE room 311

lunch will be provided

Sören Brandt is a Harvard graduate student with Joanna Aizenberg working on photonic structures for oil-water separation. He will speak about photonic fences and highlight the relevance of photonic research for philanthropic projects.

To learn more about Harvard Photonics and to sign up for the e-mail list, go to <http://photonics.seas.harvard.edu/>. Emails are sent out with journal club papers and with photonics-related news including outreach, seminars, and career opportunities!
