

Harvard Photonics Club presents

Spotlight Series:

An Integrated Diamond Nanophotonics Platform for Quantum Networks

with Denis Sukachev

day: Friday 17th November

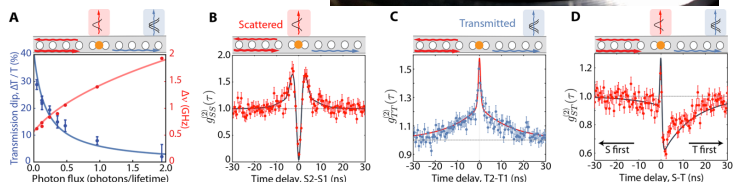

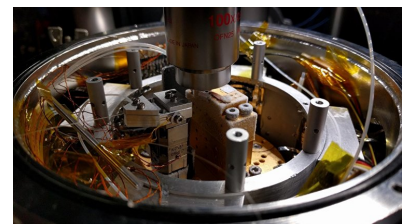

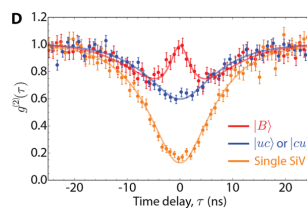

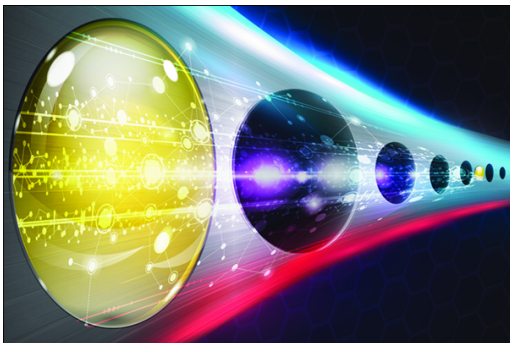

time: 12 - 1 PM

location: LISE room 311

lunch will be provided

The Spotlight series highlights the most recent achievements in photonics research performed at Harvard. This week, Denis Sukachev will present some of the latest work from the Lukin lab.

To learn more about Harvard Photonics and to sign up for the e-mail list, go to <http://photonics.seas.harvard.edu/>. Emails are sent out with journal club papers and with photonics-related news including outreach, seminars, and career opportunities!
